

Solar Toilet LED Light w/ Motion Sensor - 30

These Solar powered TL-30MS Lights are suitable for installation in portable Toilets.

With 5 LED's and 30 lumens.

They have an easy installation process with a PIR sensor at night, the motion sensor will keep the light on for as long as there is movement.

If there is no movement after 40 seconds they will turn off. It has a 100° angle detection zone and a 5 meter distance.
